

International Conference

at
the University of Applied Sciences
Düsseldorf

17th-19th June 2013

**"Current social and educational
problems and socio-educational
interventions in one's home
country"**

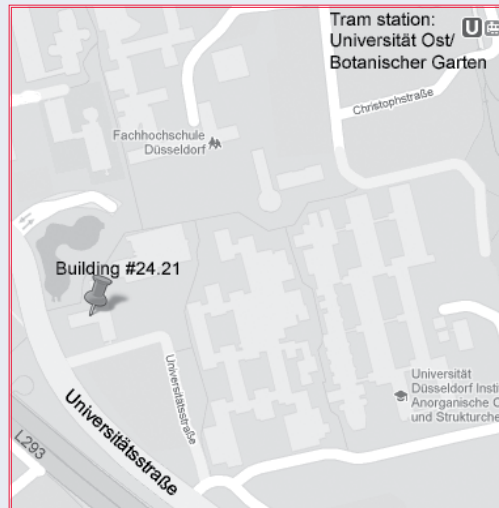

The objectives of the conference are foremost intensifying the cooperation between our ERASMUS partners by promoting the exchange of students and lecturers and realizing common research priorities. Furthermore, possibilities for double degrees can be assessed. The following main challenges of social work will be discussed:

- **Poverty, educational disadvantages and exclusion**
- **Inclusion (diversity) and its implementation**
- **Right-wing extremism concerning adolescents**
